Thank You for choosing

A Message from Maribeth

It's a milestone year for Bag Makers, as we celebrate 45 years in business in 2025!

When I founded Bag Makers in 1980, many businesses couldn't find a supplier willing to offer printed bag quantities less than 5,000. We proudly filled that gap in the market by offering low minimums. Every day since, I've focused on finding ways to meet the changing needs of our customers. I'm always searching for new products and print processes to keep our offerings fresh and exciting. (On that note, be sure to check out our new-for-2025 Denim Totes, Riley Jute Tote, Sandford Deluxe Canvas Tote, and Heavy-Duty Polyester Totes!)

I truly value the partnerships we've established with distributors, suppliers, and vendors over the last four decades. Some of our suppliers have been with us for 15 to 30 years, and several employees have been a part of the Bag Makers family for 35+ years. This longevity is part of what makes Bag Makers special—our employees build relationships with our customers, and customers know they can trust us with their important orders.

Rest assured, our team will keep working hard to exceed your expectations and to provide safe, quality products that meet or surpass industry standards. Thank you for your support; your business is important to us!

Warmly,

Maribeth Sandford

ARTWORK GENERAL INFORMATION

FOR PRODUCTS SHOWN ON PAGES 1-187

Please refer to the following pages for complete artwork specifications for each imprint process.

IMPRINTING

Imprints are added to pre-constructed bags, so folds, gussets or other restrictions may impact the available imprint area or ability to print. In addition, a multicolor design may require the bag to pass through the press an additional time for each color, depending on the print process. **BAG MAKERS** requires a minimum space between each ink color to accommodate unavoidable bag movement and color shifting that occurs during production. **COLORVISTA**, Digital Full Color, Direct Print, Dynamic Color, Chromatic, Sparkle, and Sublimation are not subject to this space requirement. Please call for spacing requirements for orders using multiple print processes. Color tints/shades/tones may fluctuate up to 5% within a print run or reorder.

CUSTOM IMPRINT COLORS

- **Screen Print Ink:** Call for availability and pricing.
- **Flexo Ink:** \$62.50 (G) per color. PMS color matching available on White bags only.

We invite you to submit a copy of your artwork to ArtInquiry@BagMakersInc.com before you place your order. We can review your design—generally within 24 hours—and make recommendations for achieving the best possible imprint.

ELECTRONIC PLATFORM

We are Mac OS based. Fonts in all files (Mac or PC) should be converted to outlines, paths, or curves.

ART PROGRAMS • FORMATS • MULTICOLOR IMPRINTING

Files created in other programs or formats not listed on the art specification pages may not be usable or may incur additional art charges for conversion.

ART PLACEMENT AND SIZING

Unless otherwise specified on your purchase order, all artwork will be sized to the maximum imprint dimensions and centered in the product's standard imprint area. Due to product construction, this may not be the exact center of the bag. Bag imprint templates are available for download on our website.

ARTWORK SUBMISSION

E-mail: Please submit your purchase order (P.O.) and art files together in the same email to Orders@BagMakersInc.com. Include your P.O. number and company name in the email subject field. Please include a PDF or JPEG copy (proof) of your design so we can confirm the integrity of your electronic submission. We suggest that you compress (zip or stuff) your file or folder for transmission efficiency and protection from corruption.

You may also use a free file-sharing site such as wetransfer.com or mailbigfile.com. Please enter Art@BagMakersInc.com as the recipient's email, and provide your name, company name, contact information and P.O. number in the message field. This will help us match your artwork to your order.

Our internal 5-Point Check Compliance Program is modeled after the former Quality Certification Alliance (QCA) accreditation program. This program includes third-party audits of our headquarters and supplier base at the same frequency and standards of QCA. It adheres to the five pillars of compliance established by QCA:

SOCIAL COMPLIANCE

Our company and supply chain facilities adhere to legal and ethical international standards for social accountability, including those that impact wages, working hours, discriminatory hiring and employment practices, employee health and safety, forced labor, and child labor.

PRODUCT SAFETY

We have policies in place to detect and prevent non-compliant product from shipping to customers. This includes testing product materials and coatings, compliance with regulatory requirements, and an effective and efficient recall system.

PRODUCT QUALITY

We have documented procedures to ensure continuous adherence to product quality and performance standards, from design through production. This includes a formal quality manual, regular inspections, and a supplier qualification program.

SUPPLY CHAIN SECURITY

Our policies are designed to provide supply chain visibility and secure delivery of products manufactured and shipped under the **BAG MAKERS** name. Our program meets security criteria established by U.S. Custom's C-TPAT program to protect our borders.

ENVIRONMENTAL STEWARDSHIP

We promote ongoing conservation of the environment by complying with local regulations, recycling, and restricting banned substances.

SAFETY

Our products and coatings comply with the Consumer Product Safety Improvement Act of 2008 (CPSIA), the Consumer Product Safety Act of 1972, California Proposition 65, and the Toxics in Packaging Prevention Act. We have CPSIA-compliant product labeling and an online recall tracking program for a core group of products that might be used by children under age 12.

ECO-FRIENDLY PRODUCTS

BAG MAKERS has offered eco-conscious product options for more than 20 years. Most of our bags are reusable and many are made with recycled content.

REUSABLE

Most of our bags can be used many times. Reusable products reduce waste in landfills. Plus, reusable products ensure a brand's logo will be seen repeatedly over a long product lifespan.

RECYCLED CONTENT

Using recycled materials helps preserve natural resources, save energy in the manufacturing process, and reduce landfill waste. Post-industrial content is material that's recycled after the manufacturing process, before reaching consumers. Post-consumer recycled content is made from waste that has been used by a consumer, disposed of, and diverted from landfills.

- **The Adventure™ Tote** and **R-PET Non-Woven Totes** are made from 100% post-consumer recycled content (R-PET), which comes from recycled plastic bottles.
- **The Penny™ R-PET Poly-Cotton Tote** is made from a 6 oz. poly-cotton blend, with 35% post-consumer recycled content (R-PET), which comes from recycled plastic bottles.
- **Eco Kraft-Brown Shoppers, Eco Kraft-Brown Matte-Laminated Eurototes, Eco Die Cut Shoppers, Woven Handle Eco Eurototes, and Matte Shoppers (Toto, Dorothy, Munchkin and Judy)** are made with 100% recycled paper with a minimum of 60% recycled post-consumer content.
- **Plastic Eco Die Cut Handle Bags** contain up to 40% post-industrial content and up to 20% non-petroleum-based calcium filler, reducing petroleum-based resins by as much as 60%.
- Our **BBL Bags, Merchandise Bags Brown Kraft, S.O.S. Brown Kraft Bags** and **2# Brown Popcorn Bags** are made with 100% recycled material with a minimum of 95% post-consumer content.
- The **Sentry** plastic bag is made with no less than 20% post-consumer recycled content.
