

# MARQUEE ARTWORK SPECIFICATIONS

Available on *LARGE BOWS*.

**We must review and pre-approve all artwork to ensure your order is suitable for the MARQUEE process.**

## PRINT METHOD

Marquee is a one-color transfer process that provides a weather-resistant finish, suitable for indoor or outdoor use. Ideal for use on large decorative bows for holiday events, prize giveaways, ceremonies, grand openings, and more!

## PROOFS

Proofs are required on all new MARQUEE orders and reorders with changes.

## PROGRAMS and FORMATS WE ACCEPT

Any other file formats are not acceptable and may delay production.

**ADOBE ILLUSTRATOR—Our Preferred Vector Art Program.**

Save as native Illustrator .ai file, or Illustrator Default PDF with the *Preserve Illustrator Editing Capabilities* box check-marked.

## VECTOR ART IS PREFERRED

Vector images can be resized without any loss of quality. Please note that placing or importing photographs, bitmap, or raster images into a drawing program does not convert them into vector artwork. If your artwork contains a placed or embedded raster image (PSD, TIFF, JPEG, CPT, EPS), the original raster image file should be included and be pre-approved by BAG MAKERS.

## FONTS and LINE RULES

**MINIMUM SIZES:** (See Font and Line size chart on page 208)  
5-point lines or rules.

**50-point fonts.** Thin serif font styles are not recommended.

**FONTS—Please Convert To Outlines (Paths or Curves)**

If we do not have the exact font you used, the text in your art will "default" to a less attractive font, changing the look of your design. Converting your fonts to outlines, paths, or curves eliminates this hazard by changing your fonts into vector shapes. This ensures that your artwork will print exactly how you expect it to look.

## A SPECIAL NOTE ABOUT OUR PRINTING PROCESS

Please email [ArtInquiry@BagMakersInc.com](mailto:ArtInquiry@BagMakersInc.com) to determine if your multi-color art will work with this process.

## ARTWORK GENERAL INFORMATION

Please refer to the following pages for complete artwork specifications for each imprint process.

### IMPRINTING

Imprints are added to pre-constructed bags, so folds, gussets or other restrictions may impact the available imprint area or ability to print. In addition, a multicolor design may require the bag to pass through the press an additional time for each color, depending on the print process. **BAG MAKERS** requires a minimum space between each ink color to accommodate unavoidable bag movement and color shifting that occurs during production. **COLORVISTA**, Digital Full Color, Direct Print, Dynamic Color, Chromatic, Sparkle, and Sublimation are not subject to this space requirement. Please call for spacing requirements for orders using multiple print processes. Color tints/shades/tones may fluctuate up to 5% within a print run or reorder.

### CUSTOM IMPRINT COLORS
